Dear Fellow Pen Women:

By now most of you are aware that the 50th Biennial of the National League of American Pen Women, Inc., which was to have been held April 24 – 27 at the Darcy hotel in Washington, D. C., has had to be postponed. It had been hoped that by the time of this notification there would have been a new date to share. Such is not the case. As soon as a determination has been made of the new date, another notification will be sent and posted to the website. Airlines are working with customers in rescheduling travel plans.

Thank you very much for your understanding in these extraordinary times in which we find ourselves. Please be safe as we all try to follow the precautions that are currently in place.

Very sincerely,

Evelyn B. Wofford, Ed.D

National President
